*S* Holy Family's Centennial Year is a landmark in the history of the parish. During this year we will look back in deep gratitude to those who came before us and forward in loving preparation for those who will come after us. The cornerstone of this living, thriving, dynamic parish was put in place by the first parishioners 100 years ago. Those first parishioners, and their courageous pastor, came together as a community, overcoming the religious prejudices of the time. From those challenging beginnings, the founding parishioners and the generations that came after them hewed a parish that today remains vibrant in faith and passionate in its commitment to caring for those both within and without its boundaries. As the beneficiaries of their determination and steadfastness, we in turn prepare for those who will follow us, ensuring that our Catholic legacy will endure for future generations.

I hope you will join us as throughout the year we celebrate our past and prepare for our future.

##### All Masses

This weekend we will have the blessing of the statue "The Beloved Disciple" at all masses. Tomasz Misztal, sculptor and former parishioner, has created a bronze, life size statue which interprets the Beloved Disciple from the Gospel of John. This is a public tribute of gratitude to those who have gone before us and is a gift to the community of Holy Family. The statue will be installed in the empty niche on the south side of the church and will be on display in the church before its installation.

Inspired wisdom tells us in Ecclesiastes that "there is an appointed time for everything under the heavens." We are born out of the sacrifice, prayer and faith of another generation. Now it is for us "a time to sow" the seeds of our inheritance. An Arab proverb reminds us "Every morning I turn my face to the wind and scatter the seed, it is not difficult to scatter the seed, but it takes courage to face the wind."
